

Darwix Commercial Lending Handbook - 2026

Section 1: General Business Loan Eligibility Thresholds

This policy outlines the official underwriting thresholds for all commercial credit facilities.

1. **Minimum Operating History:** The borrowing business must have at least 6 months of verifiable operating history for short-term working capital loans, and a minimum of 12 to 24 months for prime commercial term loans.
2. **Minimum Gross Revenue:** Businesses must demonstrate minimum average monthly gross revenues of ,000 (,000 annualized), verified via 3 to 6 months of official business checking bank statements.
3. **Geographic Eligibility:** The borrower entity must be registered and actively operating within any of the 50 United States or the District of Columbia. Foreign entities are strictly ineligible.

Section 2: Maximum Underwriting Leverage Matrix

Unsecured working capital facilities are evaluated against average monthly revenue ratios:

Monthly Revenue	Max Unsecured Loan	Maximum Leverage
,000 - ,000	,000 - ,000	2.5x to 3.0x Revenue
,000 - ,000	,000 - ,000	3.0x to 3.5x Revenue
,000 - ,000+	,000 - ,000+	Up to 3.5x Revenue

Loans exceeding 4.0x monthly gross revenue are classified as excessive leverage and require immediate senior underwriting review or equipment equity.

Section 3: Ineligible and Restricted Industries

Under federal compliance and internal risk guidelines, Darwix strictly prohibits funding to businesses engaged in:

- Gambling operations, casinos, sports betting, and lottery ventures.
- Adult entertainment venues or novelty businesses.
- Cannabis, marijuana cultivation, or dispensaries.
- Cryptocurrency trading, speculative token mining, or crypto futures.
- Predatory payday lending or debt settlement organizations.
